## Unwind in a Sea of Tranquility

**S**handon Spa provides a totally new perspective on health, beauty and relaxation. Enjoy the stunning scenery of Sheephaven Bay through our full height picture windows on your journey from one exquisitely soothing experience to the next.

A pretty water feature sets the scene as you arrive. Enter the marbled hallway and be greeted by the receptionist who will arrange your day. Complimentary herbal tea or coffee is provided while you wait to begin your spa experience. In our amazing vitality area you will find a luxurious range of heat and cooling experiences to cleanse and relax the mind, body and soul.

The Vitality Pool has carefully positioned water jets to massage different areas of your neck and body. Move on to discover three heated loungers and two state of the art lifestyle showers, where you can experience tropical down pours or gentle mists. There are individual foot spas covered in tiny glass mosaic, offering an intimate and understated ambience complimented by our Italian marble. Eliminate those toxins in our Sauna before you step over to the Salt Grotto to experience its amazing mist, infused with Sea Salt and Eucalyptus.

### Canadian Hot Tub

Outside you will discover the Canadian hot tub. Lie back in the comforting warmth of the water and enjoy the sights and sounds of the area.

There are eight spacious treatment rooms, one of them double, so that if you wish, you can be pampered alongside a friend or partner.

Finally, we have a relaxation room where you can reflect on your Shandon Spa experience before returning to the realities of everyday life. The Shandon Spa offers luxury in a setting of total peace and quiet.

Those who know Donegal appreciate its calming effect on the soul. They are drawn by the hauntingly beautiful hills, the rugged cliffs and the seas.

We believe that spending time in our spa enhances the effect of these attractions and we cordially invite you to come along and find out for yourself.
